It has excellent photos throughout and information and photos are grouped by artist and or maker. In addition to photos sketches of works are also pictured. In addition, some works were done by various sources and these are included so you can compare. Coffee table sized and printed on glossy paper. The glossy paper allows the white Parian to really

pop against the black backgrounds. An excellent resource for anyone wishing to identify or collect.8 of 8 people found the following review helpful. **Finest Reference on English Parian Porcelain Available!**By Tony S
This book is an absolute must for every serious collector of English parian. It contains a wealth of information about the history and popularity of this highly specialized porcelain.The hundreds of photographs and sketches help guide the collector and dealer alike in accurately describing and categorizing their examples.2 of 2 people found the following review helpful. **Well Worth The \$\$**By Joyce Burke
Very informative book with page after page of fascinating photographs. Well worth the money and a great addition to any porcelain, parian subject library.

A comprehensive illustrated catalogue of Parian made by major manufacturers.
