Mary Noor : The Secret Bond with my Jewish Friend before purchasing it in order to gage whether or not it would be worth my time, and all praised The Secret Bond with my Jewish Friend:

2 of 3 people found the following review helpful. beautifully written bookBy SAMIYE BRASZELI am very picky about the books that I read, and most often I enjoy reading a book which was based on true events. This book was amazing, it brought tears to my eyes. In many ways I found this book to be inspirational. The beauty of this book is

that despite events which sometimes alter our lives, there is always light at the end of the tunnel, and this book in many ways taught me well, I highly recommend this book. 0 of 0 people found the following review helpful. Amazing! By Lacey Woodruff Mary is actually a member of my extended family. She is my cousins' aunt and the sweetest thing. When she smiles her eyes just twinkle! It is truly amazing to see knowing what all she has been thru! You will cry because it is not fair what she and other women had to and still have to endure there at the hands of the men and their government. I learned a lot from this book that I never knew! I'm so happy that she is still the beautiful person that she is after all that! I'm definitely not that strong! Love u Mary!! 3 of 3 people found the following review helpful. Awesome! By honey shekarchi Enjoyed this book greatly. I am happy to see that she pulled herself up, to better her life than that of her children. I'm looking forward to the sequel.

The Secret Bond with my Jewish Friend is the true story of one woman who endured childhood abuse, repeated rapes at the hands of her powerful government boss, having her first child taken from her against her will, and the heartbreak of three broken marriages. Mary is an educated, cosmopolitan woman who has traveled extensively throughout the world. Her friendship with a Jewish girl began when they were school mates, and spanned several decades. When they were young women, they shared a terrible secret which they hid from their friends and loved ones... until now. They have remained friends for over 50 years. Set before and after the overthrow of her country's government, Mary's family fortune both helped and hurt them. Mary lived a life of luxury, but paid a horrible price personally. Despite everything that happened to her, Mary is not a victim. She is a survivor whose story will make you want to cry and get angry, but in the end, demonstrates the power of will to overcome adversity. This is also a tale of love lost and found, and a woman who would not allow her circumstances and the plans of others to determine her fate. This story will give you hope and inspiration to persevere despite all odds. If Mary can be victorious, you can overcome the obstacles in your own life.
