Ms. Edeana Malcolm, Edeana Malcolm : The Serpentine Garden Path (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Serpentine Garden Path (Volume 1):

In eighteenth century England, sixteen-year-old Susan Kirke falls in love with the gardener on her father's estate. John Dean, her Mr. Right is wrong in every way: wrong nationality, a Scot; wrong religion, a Presbyterian; and worst of all, wrong class. On a trip to London, Susan attends a masquerade at Vauxhall Gardens, disguised as a boy. She escapes to

the streets of London to find the man she loves. In order to protect her compromised reputation, he elopes with her to Scotland, where more adventures ensue. The Serpentine Garden Path is loosely based on the true story of my great-great-great-great-grandparents.

About the Author Edeana Malcolm has published six short stories and a novel, *A Garden in the Wilderness*.
