For those of you interested in comics and especially the history behind them, the "Vault" books are a wealth of knowledge. There is so much information provided and the included "collectibles" really add a lot to the overall experience. It really feels like you own a piece of history. While being a big fan of Spider-Man, I was amazed at how much I did not know about the friendly neighborhood hero. You can tell a lot of research was done before writing this book and I completely expect to pull this down from my shelf quite frequently, even if just to show fellow comicbook fans. 0 of 0 people found the following review helpful. -- Good price.
