In no time, I received signed photos from Dale Earnhardt and Dale Earnhardt Jr., Richard Petty, Jeff Gordon, Joe Montana, Wayne Gretzky and Muhammad Ali. I'm still sending out a lot of

requests and look forward to going to the mailbox every day! I'm really happy with the results of this book and would much rather have this guide to refer to as opposed to spending hours upon hours trying to piece this much information together myself. I think the author did a fantastic job and should be recognized for her hard work. Looking forward to future projects from this talented young lady!

By Scott L. Linden
I bought the Sports Address book for my 14 year old son for the Holidays, and we were both greatly disappointed! I could have authored this book! 99% of the addresses are in care of teams, or in care of organizations! Anyone can find the address of a team! It must have taken this author less than 2 days to write this book! The title is deceiving! It should be titled, Sports Autographs-Care of Teams! We are trying to find a way to return this book! It was a waste of over thirty dollars. It was an insult to the true autograph collector! The author, if she had any decency, should buy this book back from us, and give it to a member of her family, as a Holiday present!

I purchased this book as a gift for a member of my family who primarily collects sports autographs. After receiving it, I looked through the pages and found that there are listings for so many favorites! We are really big racing fans and I was pleased to see so many addresses for drivers - this book will make a great gift for my cousin!
