Thomas Trevelyon : The Trevelyon Miscellany of 1608: A Facsimile Edition of Folger Shakespeare Library MS V.b.232 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Trevelyon Miscellany of 1608: A Facsimile Edition of Folger Shakespeare Library MS V.b.232:

One of the greatest treasures in the collection of the Folger Shakespeare Library, The Trevelyon Miscellany is a 400-

year-old hand drawn and lettered book created by the skilled scribe and patternmaker Thomas Trevelyon. Borrowing words and images from English and European woodcuts, engravings, broadsides, almanacs, emblem books, and the Bible, Trevelyon created a rich and fascinating encyclopedia of daily life and thought in Shakespeare's England. Familiar scenes of domesticity and husbandry are intertwined with accounts of the rulers of England, descriptions of local fairs, the colleges of Oxford and Cambridge, astronomy according to Ptolemy, illustrations of the seasons, the nine muses and seven deadly sins, Old Testament history, household proverbs, alphabets, and embroidery patterns. A massive volume (18 inches tall and weighing over 17 pounds), this monumental work is now available to be studied and enjoyed in a gorgeous facsimile edition, thanks to state-of-the-art conservation and high-resolution digitization. Produced to commemorate the seventy-fifth anniversary of the Folger Shakespeare Library, this limited edition facsimile is printed on archival paper, Smyth sewn, and bound in cloth-wrapped boards with a reinforced spine and full-color dust jacket. In addition to the 594 pages illustrated by Trevelyon, the volume includes an introduction by Heather Wolfe, Curator of Manuscripts at the Folger Shakespeare Museum, as well as indexes to poetry, scripture, subjects, images, and Trevelyon's sources. [When ordering, please note special shipping and handling charges of \$20 per volume to U.S. addresses via UPS Ground. Customers who would like expedited shipping should contact our order fulfillment center at hfscustserv@press.jhu.edu for actual shipping rates.] For more information about the Trevelyon Miscellany manuscript, go to: <http://www.folger.edu/template.cfm?cid=2283>

"The Trevelyon Miscellany, a vivid and imposing witness itself, complete apart from a few missing leaves, is a ready guide . . . the largest collection of the words and images that meant most, not to an ideal, but an average Elizabethan, all the more important because in no way exceptional. Thomas Trevilian is only remarkable for the extraordinary pertinacity with which he pursued and got all the graphic images around him and the single-minded devotion that he bestowed on copying them, together with appropriate words. As a window on his mind, rather than on the events around him, however, it is ideal."?The Book Collector

From the Inside Flap

The Trevelyon Miscellany is a 400-year-old hand drawn and lettered book created by the skilled scribe and pattern-maker Thomas Trevelyon. Borrowing words and images from English and European woodcuts, engravings, broadsides, almanacs, emblem books, and the Bible, Trevelyon created a rich and fascinating encyclopedia of daily life and thought in Shakespeare's England. This limited edition facsimile is printed on archival paper, Smythe sewn, and bound in cloth-wrapped boards with a reinforced spine and full-color dust jacket.
