John Campbell : The Winchester Single-Shot, Vol. 1 before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Winchester Single-Shot, Vol. 1:

1 of 1 people found the following review helpful. Great reference book. By wincacher The ultimate 1885 reference book and restoration/purchase guide! Bought Vol II also as a result of the quality and information contained herein. 2 of 2 people found the following review helpful. Winchester single shot By Charles R. Ellsworth This is a wonderful book. The photography and text combine to give an in depth history of these Winchester rifles. 0 of 1 people found the following review helpful. Quality book By Stewart K. Marshall A very good quality book. Clear black and white photos with plenty of information. I'm tempted to buy volume 2 now.

The Winchester Single-Shot is one of the most admired and sought after rifles ever made. In fact, the Single-Shot's reputation has been without equal from the time of its invention by the legendary John M. Browning through today's renewed enthusiasm for black powder cartridge shooting. This book covers every important aspect of the Single-Shot, from its design and invention to its many component parts, alterations, chamberings, sights, style variations and vital specifications. There is also a wealth of practical information and suggestions about repair and restoration. 302 photographs.

...fine production...large and clear...comprehensive index...chapters on extra features. -- C.J.A.C., Arms Collecting, August 1, 1995
The history is complete...many references...quality illustrations. --Charles R. Suydam, The Gun Report, October 1, 1995
Comprehensive... An all around fine production... illustrations are printed large and clear -- C.J.A.C. Arms Books
