Strange storyBy Kindle CustomerA very weird tale with very crazy characters with a backdrop of places that seem to be very depressing that I thought to be long but still very readable.0 of 0 people found the following review helpful. Witch is slowwwwwwBy Booked for lifeI LOVE ghost stories and this series from Wordsworth is one of my favorite finds on . That said, don't start with Witch of Prague, unless you are seeking a cure for insomnia. Crawford is tremendous, but the Witch is slow and bizarre. One character is a fat albino kept asleep by two witches, who wake him occasionally to predict the future. . . Except they cheat each other on the deal. possibly this would be good movie by David Lynch. Are you out there, David???
