### Chris Brown : Tiger I on the Battlefield (World War Two Photobook Series) (English and Hungarian Edition)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Tiger I on the Battlefield (World War Two Photobook Series) (English and Hungarian Edition):

9 of 9 people found the following review helpful. this is a work to satisfy people who are already well versed in the technical ...By Chaz SpauldingAs with the other titles from this publisher, this is a work to satisfy people who are already well versed in the technical and operational history of the Tiger I. There are many unique and rarely seen photos chosen for the discriminating Tiger I fan. There are a number of poor quality photos, but which were chosen for some particular point of interest or rarity. A number of them have solved mysteries I have had about certain Tigers. This book, like the Panther book, is especially of an esoteric quality.3 of 3 people found the following review helpful. The Tiger 1 is my favourite vehicle and such I never seem to have enough ...By William DaleThe Tiger 1 is my favourite vehicle and such I never seem to have enough books on the subject. The book is very well laid out and contains some very interesting pictures of the Tiger. I am hoping and looking forward to additional books in the series. The book has very limited text other than the captions for the particular image on the page. The book is well printed and presented.1 of 1 people found the following review helpful. Good views of the "Tiger"...By Blue and Gray 29erMany very good photos of the "Tiger", some which I have not seen before. Has Hungarian and English text well written.

In the seventh part of PeKo Publishing's photo-monograph series, we deal with the popular German heavy tank, the Tiger I. This publication shows the tank's major and minor changes through the 105 black-and-white photographs in

the book.
