Marcus Tullius Cicero : Treatises on Friendship and Old Age before purchasing it in order to gage whether or not it would be worth my time, and all praised Treatises on Friendship and Old Age:

31 of 31 people found the following review helpful. Hmm...By Book KnutI do not know what is going on with the other one star review (different version? different book??). This is the E.S. Shuckburgh translation which is widely considered as the easiest to read (vs. Bailey). There are, perhaps, a few hundred people alive today who could take a run at Cicero in Latin and come away with anything other than gibberish given that Cicero used turns of phrases and

referenced allegories that have since been lost to history. What is more, Cicero is believed to have often strayed from his own writings during his orations. To say that the Shuckburgh edition presented here is rubbish because it lacks footnotes is to say that Shakespeare's Hamlet cannot be read and enjoyed unless it contains an Addendum with Shakespeare's notes as he wrote--it's the kind of pseudo-intelligentsia snobbery that small-minds cling to in the hopes that the learned among them will misconstrue their invectives as a sign of a cultured mind. This is a fine translation of one of the greatest treatises on the bonds of friendship, the fears and blessings of old age and the timeless questions that haunt mankind's soul. So, if you're looking for a mind-blowing experience pull up a chair; pour yourself a hot cup of tea; download this FREE e-book and enjoy. And if you are among those few hundred self-proclaimed, self-sanctified Latin lexophiles than grab a keyboard and get to work...I would love to read your version. *stulti sunt innumerabiles!* 0 of 0 people found the following review helpful. OLD made NEW By Dr. Ralph Quane, Writer of Illuminated Manuscripts I gave this as a gift to a very long-time friend. The fact that its format is open to large margins makes it that much more useful. 49 of 62 people found the following review helpful. awful in every way By Jeremy M. Kirk I am very fond of "De Amicitia" and picked up this translation to give it to a friend, but what I got was an unreadable mess. It is in an awful binding, very low-quality paper and printing, and the translation is complete garbage. It reads like it was translated by software, not to mention the 2-3 typos per page. There are no footnotes or index, and it's clear the translator has no knowledge of Roman culture. It as bad as a translation can be. And as awful of a product as you'll find on . They really should stop selling it. Horrible, horrible, horrible.

Webster's edition of this classic is organized to expose the reader to a maximum number of synonyms and antonyms for difficult and often ambiguous English words that are encountered in other works of literature, conversation, or academic examinations. Extremely rare or idiosyncratic words and expressions are given lower priority in the notes compared to words which are difficult, and often encountered, in examinations. Rather than supply a single synonym, many are provided for a variety of meanings, allowing readers to better grasp the ambiguity of the English language, and avoid using the notes as a pure crutch. Having the reader decipher a word's meaning within context serves to improve vocabulary retention and understanding. Each page covers words not already highlighted on previous pages. If a difficult word is not noted on a page, chances are that it has been highlighted on a previous page. A more complete thesaurus is supplied at the end of the book; synonyms and antonyms are extracted from Webster's Online Dictionary.
