Dave Cheadle : Victorian Easter before purchasing it in order to gage whether or not it would be worth my time, and all praised Victorian Easter:

It is clear, concise, and clean. This book has many examples of that artwork in an Easter setting. The only way they could be better would be as actual post cards. This book was purchased as a used book. It came in better condition than the description indicated. I have no complaints.0 of 0 people found the following review helpful. Five StarsBy Ms HughesCute Book!

This second book in the Panorama series covers the life of Jesus from the Nativity through to St Paul the Apostles and their missionary journeys. This title is also ideal for all Christian families Homeschooling and Sunday School.
