Tom Larson : Warman's Matchbox Field Guide: Values and Identification (Warmans Field Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's Matchbox Field Guide: Values and Identification (Warmans Field Guide):

Very Basic Information By Paul Endress Only includes the basic models and does not address the many color, wheel, and other variations that exist. For example it shows that #30 is worth \$60, but there is a variation that has sold for as much as \$13,000 so don't rely on this book because you wouldn't even know that variations existed. 0 of 0 people found the following review helpful. A must Have Resource By Customer Good field guide with many examples and great photographs.
