I'm really surprised by this. I never would have purchased it otherwise. I like some of the postcards. They're vintage inspired and christmas/holiday themed. They're not especially "Crazy" like the image on the cover. The only thing crazy about this is the fact that the cover isn't included; it's a little ridiculous, right? Cleary I'm bent out of shape about it, but I'll recover.4 of 4 people found the following review helpful. BizarreBy blucifixtionThese postcards don't inspire much holiday cheer. They are instead very strange with "Happy Holidays" written on a shoe and one with just phrases that had nothing to do with Christmas. Try it if you are into offbeat nostalgia.1 of 1 people found the following review helpful. Five StarsBy P jollyThere are a few weird ones in the set.

The images in We Wish You A Crazy Christmas were chosen from our vast collection of Victorian and Edwardian Christmas cards and postcards. Those eras produced millions of cards, for this a strong time for both mailed correspondence and Yuletide greetings. Most had traditional or religious imagery, but a substantial minority were - to our minds - malapropos, such as cow in a field, a tree blossoming in spring, a sandy beach. A smaller number goes beyond irrelevancy to weirdness, and these we have decided to share with our adventurous customers. They offer the opportunity to ponder, laugh, or to simply wonder "Why?"
