Gerald Perschbacher : Wheels in Motion: The American Automobile Industry's First Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Wheels in Motion: The American Automobile Industry's First Century:

Over two hundred color photos document the American auto industry's first century, examining inventions, technological transformations, and individuals who helped create and mold the auto industry from early to modern times. A hundred years of history are packed into an excellent, inviting guide. -- Midwest Book
