AdankI have several of Tom Tierney's other paperdoll books that he did, including a couple of the British Royal Family. All of the outfits in the book are "spot on" as it were, based on the books and magazines that I have that came out after the engagement was announced and the wedding. I only wish that there had been an updated version that contained the wedding outfits without having to download them from the internet. he also did a good job on the "dolls" of William and Kate. I am looking forward to seeing what other paper dolls he will do.0 of 0 people found the following review helpful. My grand daughter just loves these...By Nancy M.
