

but would like to see more of a write-up on the history of the items being presented.0 of 0 people found the following review helpful. I wanted information about rare models and features of Winchester ...By Eric WeissI wanted information about rare models and features of Winchester rifles - this was totally missing. Instead the book focused on other Winchester products and advertisements, things of little or no interest to me0 of 0 people found the following review helpful. Got my bookBy William H.I'd been looking for one of these books for a while. It is just what I wanted.It came quickly and was packed well so it did not arrive all banged up.You stayed one step ahead of the good 'ol PO in the packing

Winchester produced thousands of items during its tenure as one of the world's leading manufacturers. The variety of Winchester products has prompted tens of thousands to begin searching for memorabilia. This book details the rarest of the rare. With nearly 800 full color photos and detailed pricing provided by experts in the field, Winchester Rarities gives collectors and enthusiasts everything they need.
